-Reavers of Umber has its own backstory and detailed history. The Reavers have been raiding settlements for a while, and a few of them have even met organized parties of adventurers before. It's customary to wipe out a band of this type of raiders. There have been many stories about it. The infamous Captain Strange, and how he got his name. Several other adventurers have made their name pionering into Umber and fought against the Reavers. Clever twists, and surprises; Reavers had earned their reputation. The Reavers could not be killed with pure attacks. They could beat you to death. They could burn you to ashes. They could pick up your friends, your lovers, and they could damn well dismember them. They would then smile evilly, and spit on your friends guts. They are utterly ruthless, willing to destroy everything to obtain power, to control. It's a race to kill them first. If not, they will and probably put you in the same camps as them. It's a race to not die. It's a race for infamy. Rank 1: The Leader. The Reaver Captain with the power to use his Will. The King of the Reavers. Rank 2: The Operator. Able to teleport. Rank 3: The Observer. Able to teleport and detect others use of Teleport, and Telekinesis. Rank 4: The Entity. Stronger than the Operator, and able to telekinetically damage other targets. Rank 5: The Sacrificial Dedicated, able to walk through the portal to

get to a raid. Rank 6: The Sentry, Able to withstand physical injury and still survive. The level cap of Reavers is 7. There's more power, more tactics, and more abilities. Deadly Immortality Resurrection Hypnotism Necromancy Worth of Life - Finding the best Reaver enemy for your party will be hard. Reavers like to conserve their power, so they try to be careful about using powers which others can see in advance. They also sometimes cast defensive spells. - Reaper will bring them back to life as a mummy/zombie, with extra powers. They will vanish, but anyone who was overpowered will respawn to 6th rank. - Advanced Ranks is possible, for the higher ranks they will be able to control more humans,
